Advanced Tumbling

Ages: 10 & Under 11-13

Entails: 15-30 minutes Trampoline
60-75 minutes Tumbling
(90 minutes total)

In this advanced tumbling program the athlete will build from their basic tumbling foundation into complex skills and connections. From world class coaching connections such as **round-off back handspring, two back handsprings, front handsprings, front flips, aerials**, and more will be learned. The trampolines and spotting harness will be utilized to teach flips, handsprings, and connections safely on a soft surface before performing them on the spring floor.

Strength and conditioning, coordination, and flexibility are incorporated and play a very important role in this class because all 3 are necessary to perform the advanced skills and connections. This 90-minute class will also utilize springboards, mini-trampolines, and various mats to help teach progressions and more advanced skills.
