Birthday Parties

Ages: All ages
Entails: 10 Minutes Warm-Up/Instruction
50 Minutes Trampoline
30 Minutes Party Room
(90 minutes total)

Our state of the art facility, which includes 9 Olympic style Trampolines, and End-decks is perfect for you whether you're a gymnastics enthusiast or just love having fun! The party will begin on our 40x80 foot **spring floor** with a fun warm up, stretch, and instruction. After, the party will move to the **trampolines** and split up evenly for instructed **trampoline lessons**. Everyone will take turns learning and practicing basic and fun trampoline skills. Next, the party will enjoy an open gym to jump and practice the skills they have learned. Following the 60 minutes in the gym the party will move to our party room for food, drinks, and singing "Happy Birthday". Birthday parties at ETA are known for being safe, organized, and a GREAT time. Our kind and friendly staff will do everything we can to make sure your party is run smooth, easy for parents, and memorable for the kids.
