## Open Toddler

**Ages:** 5 & Under

**Entails:** 60 minutes  
(Split between Trampoline & Obstacle Courses)

Open Toddler is a lightly instructed class that doesn't require commitment to a full 8-week term. Often children are not ready for the structure of a class and Open Toddler is a great starting point. The child can learn the gym, equipment, build strength, and have fun jumping, hanging, climbing, and playing on the trampolines and obstacle courses.
