

Athletics and Academics

at Elite Trampoline Academy

- ✓ Full day program, Monday to Friday 8am – 4pm
- ✓ 4 hours of Athletic training and conditioning *each day*
- ✓ 4 hours of Academics and educational programs *each day*
- ✓ Limited enrollments to keep the group safe and consistent

Program Overview*

Participants will have a consistent schedule Monday to Friday, while enjoying the benefits of accomplishing their required academic curriculum and two 2-hour sessions of physical activity each day with ETA Coaches and Staff. The full day program runs from 8am to 4pm. ETA Team members will complete their USAG team training during these hours, which means no more afternoon/evening or weekend training!

How does the Academic Program work?

The Academic program will be organized and coordinated by the onsite Academic Director, an experienced and NJ State certified teacher. The program will partially be executed through a reputable homeschooling courseware provider to cover the core courses (Math, Science, History, and Language Arts). The courseware includes video-based lessons, interactive practice problems, help videos for difficult concepts, reviews/exams, and printable worksheets. Participants have the flexibility to learn at their own pace and will have the incremental benefit of an onsite Academic Director to assist them throughout the course as needed. In addition, the Academic Director will complement the courseware with a reading and writing curriculum as well as specially designed lessons and project-based assignments, such as note taking, organization, and exploring current events.

Prior to the start of the program, the Academic Director will meet with the parents of each Participant to develop an individualized academic curriculum. From September to June, the Academic Director will create weekly benchmarks for each Participant to ensure appropriate progress towards completing all courses by the end of the program. The Athletic Director will provide periodic progress reports to the parents and offer one-on-one conferences throughout the year.

Program Pricing†

Athletics & Academics \$12,500 10 monthly payments of \$1,250

* Program runs from September 14th to June 25th; ETA Team members will continue training in July and August following the Summer 2021 schedule and subject to summer pricing (not included in the pricing above)

† Excludes any ETA Team fees and annual registration
